

ADAM AIRIL M.YUSOF

Ipoh, Perak | +60196440363 | adamairil09@gmail.com

[LinkedIn](#) | [Portfolio](#) | [GitHub](#)

SKILLS

- **Data Analytics & Science:** SQL, Pandas, NumPy, Matplotlib, Seaborn, Tableau, Power BI, Alteryx, R, Exploratory Data Analysis (EDA), Data Cleaning & Extraction.
- **Artificial Intelligence:** Machine Learning, Scikit-Learn, Regression & Clustering Algorithms, Model Evaluation Metrics, Computer Vision, Keras, TensorFlow.
- **Software & Database Engineering:** Python, Git/GitHub, Streamlit, Relational Databases (MySQL), Database Schema Design (ERD), Object-Oriented Design (UML)

PROFESSIONAL EXPERIENCE

CyberSecurity Malaysia | Web Developer Intern

(Oct 2024 – Mar 2025)

- Engineered a Data Privacy Assessment Web Application Prototype using PHP, SQL, and AJAX to assess organizational sensitive data risks.
- Authored comprehensive User Requirement Specification (URS) and Concept Design (CD) technical documentation.

TECHNICAL PROJECTS

Alteryx & Tableau Data Analysis (Interview Project) | [\[Dashboard\]](#)

(Nov 2023 – Jan 2024)

- Built a data preprocessing pipeline using Alteryx for data cleansing, transformation, and feature engineering.
- Developed an interactive Tableau dashboard for trend visualization, reducing data processing time by 40%.

Comparative Analysis of Word Embedding Techniques (FYP) | [\[GitHub\]](#) [\[Dashboard\]](#)

(Mar 2023 – Aug 2024)

- Conducted comparative study on GloVe, FastText, and Word2Vec across multiple domains using Python, Keras, and Scikit-learn.
- Optimized word embedding selection speed by 30%, improving text-processing efficiency.

Sign Language-Speech Translator (Workshop 2) | [\[GitHub\]](#)

(Oct 2023 – Jan 2024)

- Engineered an AI-powered sign language recognition system converting ASL signs into speech.
- Achieved 89% accuracy in real-time sentence construction using Python, TensorFlow, OpenCV, and MediaPipe.

LEADERSHIP & CO-CURRICULAR EXPERIENCE

Faculty of ICT Student Association (FICTS), UTeM

Treasurer / Multimedia Executive Committee

(Nov 2021 – Jul 2023)

- Managed financial tracking for 70+ faculty programs, delivering a total net outcome of RM4,000.
- Led a faculty jacket sales project for 180+ students, generating RM1,800 net profit.
- Designed visual branding materials and managed promotional media content for 10+ faculty events.

EDUCATION

Universiti Teknikal Malaysia Melaka (UTeM)

• Master by Research In Information and Communication Technology

(Dec 2025 - Present)

• BSc. In Artificial Intelligence | CGPA: 3.96

(Sep 2021 – Mar 2025)

- **Awards:** Recipient of Vice Chancellor's Award, Straight Dean's List (Semester1-6), Gold Award (Workshop 2 Innovation Competition).
- **Key Activities:** Selected as Dean's List student representative speaker (Semester 5), Emcee for faculty forums and Neon Run.

CERTIFICATIONS & EXTRA ACTIVITIES

- **Certifications:** Google (Data Analytics Professional, AI Professional, AI Essentials, Prompting Essentials), Altair (Machine Learning, Data Engineering, Applications).
- **Activities:** Committee (Code Challenge Arena 2024), Participant (Hackathon FTMK 2022), Comrade (Faculty Ultras for Sukan Antara Fakulti), Participant (ASEAN GeoAI Fusion Hackathon 2026).
